

What?

CryptoParty is a global, decentralized initiative to introduce the most basic cryptography programs and fundamental concepts of their operation to the general public.

Where?

CryptoParty events are taking place everywhere in the world. For events in Berlin, check www.cryptoparty.in/berlin

Why?

Attend a CryptoParty to learn or teach how to encrypt emails, chats and data and how to stay anonymous online. Everyone has the right to have privacy. Everyone can learn it! Everyone has the right to privacy!

How?

Come to a party! CryptoParty is free, public, and fun. Everyone can learn it -- the only thing you need is a laptop or a smartphone!

Party like it's 1983!
You seal your letters
but send your email unencrypted?
You have nothing to hide
but still don't pass on your Facebook password?
You want to protect your privacy
but don't know how to do it?
You have something to hide
but are not a terrorist?
Privacy is a basic human right

You have nothing to hide
but still don't pass on your Facebook password?
You want to protect your privacy
but don't know how to do it?
You have something to hide
but are not a terrorist?
Privacy is a basic human right
